

# List of Thesis Supervisors

for MSc students of Economics and Business  
Administration at the Department of Economics and  
Business Economics

On the following pages you will find a list of the faculty members at the Department of Economics and Business Economics, who may be relevant thesis supervisors for MSc students of Economics and Business Administration. The list is divided according to your degree programme:

Business Economics and Auditing (cand.merc.aud/revision).....	2
Business Intelligence .....	4
Finance .....	7
Finance and International Business .....	12
International Economic Consulting .....	21
Logistics and Supply Chain Management .....	26

To start the *preparation* of the thesis, you must decide on a topic and should also formulate a tentative synopsis and then you should contact an academic supervisor who teaches or does research within this topic.

**Before 1 December** you must register the name of your academic supervisor and the (tentative) thesis title by completing the thesis registration web form on the study portal. In the web form, you are asked to fill in your (tentative) thesis title, a short problem statement, the name of your academic supervisor as well as student ID, email address etc. The academic supervisor will then approve the thesis title and problem statement. The supervisor is also in charge of the oral thesis defense.

In “Department of Economics and Business Economics’ Student Guidelines for MSc in Economics and Business Administration”, you can find a large section with rules, requirements and advice related to the writing of your thesis. Please also check your Study Guide and your online study portal for relevant rules and information.

**Contact persons:**

<b>MSc in Business Economics and Auditing (cand.merc.aud.)</b>	
Programme Coordinator: Frank Thinggaard ( <a href="mailto:fth@econ.au.dk">fth@econ.au.dk</a> )	Programme administrator: Annia Hoffmeyer ( <a href="mailto:ahoffmeyer@econ.au.dk">ahoffmeyer@econ.au.dk</a> )
<b>MSc in Business Intelligence</b>	
Programme Coordinator: Hans Jørn Juhl ( <a href="mailto:hjj@econ.au.dk">hjj@econ.au.dk</a> )	Programme administrator: Anne Lisberg Johansen ( <a href="mailto:ajo@econ.au.dk">ajo@econ.au.dk</a> )
<b>MSc in Finance</b>	
Programme Coordinator: Thomas Kokholm ( <a href="mailto:thko@econ.au.dk">thko@econ.au.dk</a> )	Programme administrator: Berit Hansen ( <a href="mailto:beh@econ.au.dk">beh@econ.au.dk</a> )
<b>MSc in Finance and International Business</b>	
Programme Coordinator: Malene Kallestrup-Lamb ( <a href="mailto:mkallestrup@econ.au.dk">mkallestrup@econ.au.dk</a> )	Programme administrator: Berit Hansen ( <a href="mailto:beh@econ.au.dk">beh@econ.au.dk</a> )
<b>MSc in International Economic Consulting</b>	
Programme Coordinator: Valerie Smeets ( <a href="mailto:vas@econ.au.dk">vas@econ.au.dk</a> )	Programme administrator: Ann-Marie Gabel ( <a href="mailto:amg@econ.au.dk">amg@econ.au.dk</a> )
<b>MSc in Logistics and Supply Chain Management</b>	
Programme Coordinator: Jens Lysgaard ( <a href="mailto:lys@econ.au.dk">lys@econ.au.dk</a> )	Programme administrator: Anne Lisberg Johansen ( <a href="mailto:ajo@econ.au.dk">ajo@econ.au.dk</a> )

## Business Economics and Auditing (cand.merc.aud/revision)

Full-time students and students of the part-time “Erhvervskandidat” will be registered for their thesis automatically on their 4<sup>th</sup> semester (full-time students) and 7<sup>th</sup> semester (Erhvervskandidat). Note: part-time paying students will not be registered automatically, but will receive an email from [cma.deltid.bss@au.dk](mailto:cma.deltid.bss@au.dk) with a registration description. However, all three student categories must fill in the online web form on the [study portal](#) for registering a problem statement/supervisor no later than: 1 December for thesis start in the Spring semester or 1 June for thesis start in the Fall semester.

### **Accounting or auditing subjects (Dept. of Economics and Bus. Economics):**

MSc Auditing students (cand.merc.aud.), who want to write their thesis in **accounting** or **auditing**, should **both** fill in the web form (please choose “Revision/cand.merc.aud. (fuldtidsstuderende)”) **AND** email a tentative synopsis of 2-4 pages directly to:

- Programme coordinator Frank Thinggaard, [fth@econ.au.dk](mailto:fth@econ.au.dk)

Based on this synopsis, Frank Thinggaard will then allocate a thesis supervisor.

It is possible to enter a name of a supervisor that could be relevant for the subject, but the final decision about the supervisor is the programme coordinator’s. If you are employed at an auditing firm during your thesis semester, please state the name of the firm in the web form.

After the deadline, a relevant thesis supervisor will be allocated to you, and you will then receive an email from the administrative support: Annia Hoffmeyer ([ahoffmeyer@econ.au.dk](mailto:ahoffmeyer@econ.au.dk))

Please note that the submission of subjects on the registration form does not mean that the coordinator has approved this. The final identification of a specific subject or change of subject may be a time consuming process.

### **Taxes or law subjects (Dept. of Law):**

MSc Auditing students (cand.merc.aud.), who want to write their thesis in **taxes** or **law**, should fill in a short problem statement in the web form and choose the relevant thesis coordinator from the drop down menu according to this (in Danish):

- Skatteret: specialekoordinator Dennis Ramsdahl Jensen
- Erhvervsreguleringsret, herunder Selskabsret: specialekoordinator Natalie Munkholm
- Formueret, herunder Insolvensret/Konkursret: specialekoordinator Eva Naur Jensen

After the deadline, a relevant thesis supervisor will be allocated to you, and you will then receive an email from the administrative support: Linda Andersen ([lindaa@law.au.dk](mailto:lindaa@law.au.dk)).

If you have other questions regarding taxes/law subjects, please contact:

- Programme coordinator Anders Nørgaard Laursen, [annl@law.au.dk](mailto:annl@law.au.dk)

### **Part-time auditing students (Erhvervskandidat):**

The procedure above also applies to part-time auditing students of the “Erhvervskandidat”. Please remember to state the name of the auditing firm you are employed in in the web form. You have two semesters to write the thesis (hand-in 1 January), but can choose to hand in after one semester (hand-in 1 June).

### ***Part-time auditing students:***

For part-time MSc Auditing students (paying students), the writing period is 12 months, starting either January 1<sup>st</sup> or June 1<sup>st</sup>. You must still fill in the web form for getting a supervisor in accordance with the description above. Please choose "Revision/cand.merc.aud. (deltidsstuderende)" in the form, so we know that you are a part-time auditing student. Please remember to state the name of the auditing firm you are employed in in the web form.

Please also make sure that you indicate **when** you intend to start working on the thesis. If you intend to get started within the first half of your thesis period, the subject **must** be described in detail in the web form (see above). If you intend to write in the second half of your thesis year, you should at least specify a general subject area. You must contact the relevant administrative contact person (see above) well in advance of the commencement of your thesis, so that the coordinator can approve your problem statement and assign a supervisor to you.

## Business Intelligence – thesis supervisors
