

## 5 months fully financed innovation project in Silicon Valley

**Do you have an entrepreneurial spirit? Are you eager to do research in a start-up company in Silicon Valley? Do you want to learn about innovation in one of the World's most dynamic eco-systems?**

The International Innovation Project (2iP) program, sponsored by the Novo Nordisk Foundation, will enrol 5 top-talented Master students within the life science fields in a 5-month company project in Silicon Valley. The 2iP program is co-developed with the Danish Innovation Centre in Silicon Valley, who will be responsible for the first round of selection.
