PENDING UNIVERSITIES, WHAT'S GOING ON

Vrije, ESADE, Humboldt.

No updates yet, but hopefully soon.

Should you apply? Yes!

Should you also have a Plan B? Yes

BREXIT AND CORONA VIRUS

- Should you apply? Yes! Plan B? Yes
- UK/King's: Not a problem
- China/Asia: Keep yourself posted. So far only regular semester affected.

AU-studerende kan fortsat komme på udveksling i Storbritannien efter Brexit

03.02.2020 | ARTIKEL

Brexit vil ikke begrænse AU-studerendes muligheder for at komme på udveksling på universiteter i Storbritannien. For britiske studerende, der vil læse på AU, fører Brexit ikke til ændringer i 2020. Men herefter er det uvist, hvordan briterne er stillet.

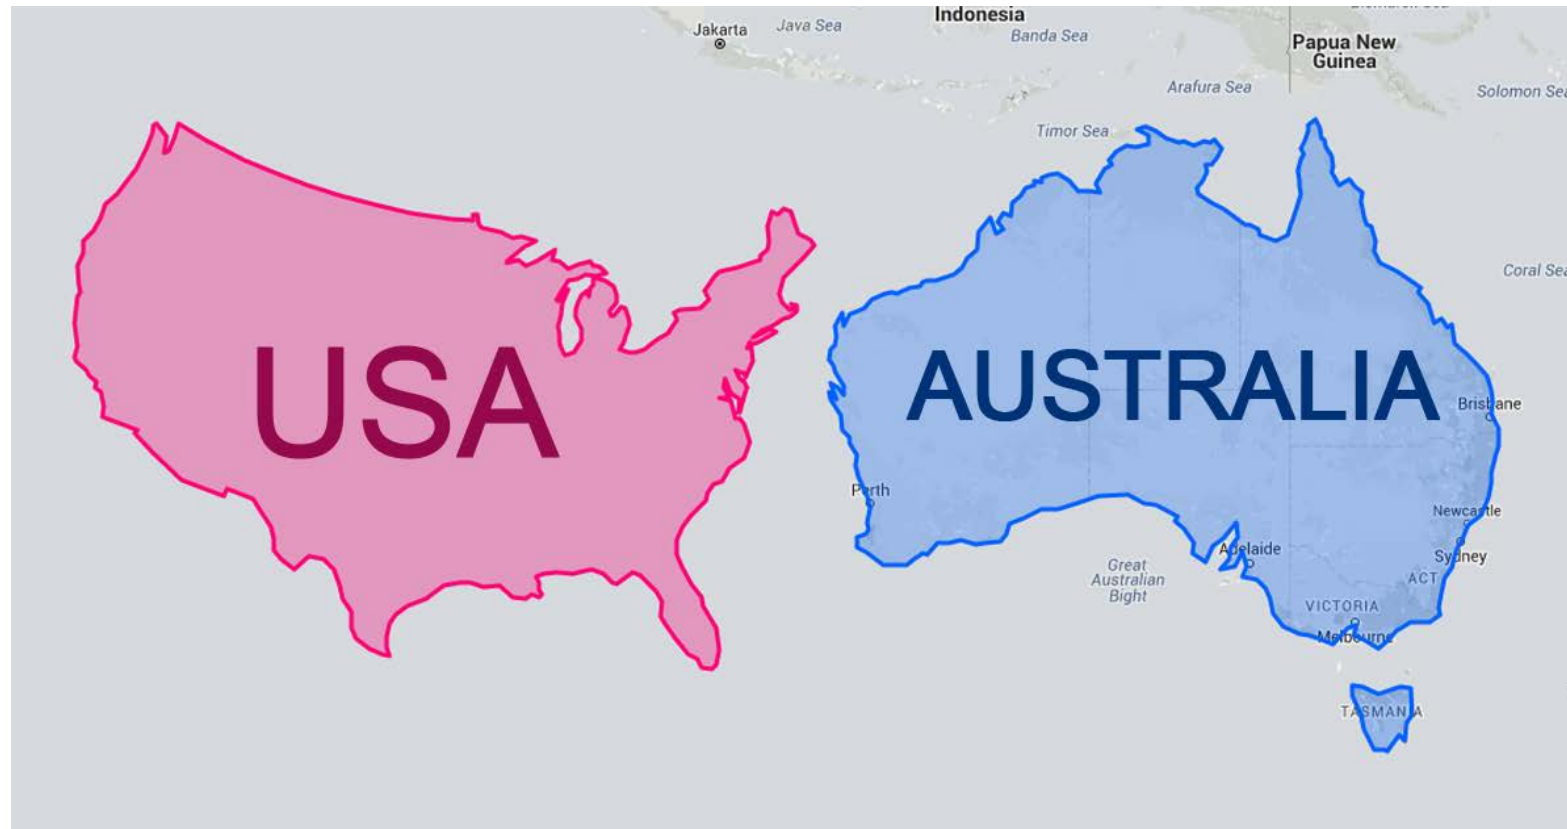

31 AU-studerende må droppe udveksling i Kina på grund af coronavirus

29.01.2020 | ARTIKEL

På grund af udbruddet af coronavirus i Kina er semesterstarten på kinesiske universiteter udskudt på ubestemt tid. Af den grund anbefaler AU de 31 studerende, der skulle have været på udveksling i Kina, at blive i Danmark. De kan i stedet få undervisning på AU.

WHAT ABOUT....?

APPLY FOR PRE-APPROVAL

Apply at mit.au.dk self-service.

Document requirements depends (usually course description)

Processing time depends

Remember, it's a quality check and assurance, so it's worth the wait

AND THEN YOU WAIT...

...AND WAIT...

...BUT WHILE YOU WAIT

Consider a Plan B or C

Make yourself familiar with our application system

Make yourself familiar with host university's procedures

Study!

APPLYING: ORDER OF THINGS?

A: Find a course -> apply for a pre-approval -> apply to us -> get nomination -> apply to host.

B: Apply directly with host university -> apply for pre-approval -> apply for nomination -> request university to change your status to exchange student / proceed as a fee paying / withdraw (Hokkaido, others?).

Confusing? Well, in general: for all universities our deadline enables you to apply to host University after you have been nominated by us. But in some cases there may be advantages of applying to host university before March 15.

APPLYING

As soon as you have a pre-approval *or* when we get close to the 15th of March

In the webinar here's a recording of how to actually make the application in our application system, you can watch it in the recorded version of the webinar.

AFTER MARCH 15TH

- Answer to your application before April 1st.
- We will nominate you to the host institution
- You will receive application information from us and/or host university
- Apply directly to host university
 - AU cannot guarantee admission to university or courses

GOING ON YOUR OWN/ FEE PAYING

- Arrange everything yourself (google, portals)
- More or less same procedure, except +payment and -applying to us
- You may be eligible [for the Danish state scholarship for study abroad \(udlandsstipendium\)](#)
 - How much? How? Check this page: <https://studerende.au.dk/su/udlandsstipendium/>
- Discount for AU students on [this facebook page](#).
- Is AU a partner? [AU GO database](#) or summeruniversity@au.dk

Events

How are the seats allocated?  

When will I hear the outcome of my application?  

What if I do not get a spot?  

If I go on summer school exchange, will I then also be able to go on semester exchange?  

What if I get a spot, but I subsequently do not get a seat the course I have a preapproval for?  

Who can I contact for counselling and other questions?  

The university I am interested in seems to have deadline prior to 15th of March, what to do? 

I need a 10 ects credit course in order to replace a course AU, however, the University i'm interested in only offer courses lower than 10 ECTS?
