Hvilken evalueringsmetode er anvendt	midterm and final evaluations according to School of Communication and Culture and Arts' policies (including digital evaluations for final evaluations)
Hvilke konkrete kurser omfatter denne opsummering	All courses for all degrees
Beskriv 2-3 vellykkede forløb/forhold, der kan være inspiration for andre	The International Communication in English course Media, Narrative and Identity was highlighted for its alignment between coursework and the exam as well as the value of feedback on tasks. The MA elective "Phonetics in the World Today" received positive comments from the students concerning the "hands-on" aspects of the course.
Redegør for evt. forløb, der skal rettes op på, hvis de skal udbydes igen	In general, there were no alarm bells set off by the evaluations other than the alignment issue commented on in the next section. There were a couple of courses about which the students expressed a concern about the difference between their expectations for the course and what the course was about. The department is working on the alignment to ensure this doesn't happen again.
Anbefalinger til indsatsområder og særlige tiltag, som evalueringerne har givet anledning til	A meta-evaluation point that was a request for improvements to the digital evaluation system, including the wording of the questions, especially in English.
