En general bemærkning: Engelsk har forsøgt for andet år i træk at anvende online evalueringer men responsraten har ikke været optimalt. Som følge deraf vil Engelsk ikke anvende online evalueringer i forår 2014.

One very positive aspect is that teachers are often singled out as being "fantastic teachers," which speaks well to the staff (full- and part-time).

Redegør for evt. forløb, der skal rettes op på, hvis de skal udbydes igen:

First semester with structured activities in the current "13 week" fashion. 91% of the students found the activities beneficial to some degree; only 9% strongly agreed that the activities were beneficial. The UFU has kept an eye on this to ensure that the students feel they benefit from the structured activities. This is a marked improvement from the previous Autumn semester.
