

# Finding a supervisor

Your thesis process starts by you deciding on a topic; you must formulate a tentative problem statement and then you must look for an academic supervisor who teaches or does research within this topic. The programme coordinator assigns you a supervisor.

Before 1 December/1 June, you must register/state/announce your *preferred* academic supervisor and the (tentative) thesis title by completing the thesis registration webform. The assigned academic supervisor must approve the thesis title and problem statement and will act as a kind of consultant during the preparation of the thesis. The supervisor is also in charge of the oral exam on the basis of the thesis.

In the following, you will find a list of supervisors and their fields of expertise.

NAME AND CONTACT INFO	SUBJECT AREAS
Agnieszka Radziwon <a href="mailto:agra@btech.au.dk">agra@btech.au.dk</a> 9350 8907	<ul style="list-style-type: none"> <li>• Innovation</li> <li>• Business ecosystems</li> <li>• The sharing economy and socio-technical systems</li> </ul>
