IMPORTANT INFORMATION

If you want to learn Danish - now or at a later time - please, read this carefully.

According to Danish legislation you have the opportunity to participate in a free Danish language program. Lærdansk Herning offers Danish training for EU-citizens, or Non-EU-citizens with a Danish CPR-number. In order to receive free lessons, an approval from the local municipality is necessary.

The Danish training program, called Arbejdsmarkedsrettet Danskundervisning or AD, consists of 5 courses, including 50 lessons each. According to the legislation you must complete all 250 lessons within the time limit of 18 months. The time limit applies even if you do not meet up to your lessons.

After completion of the 5th course you will be asked to participate in a test. This will provide you admission to more free lessons on a higher linguistic level for a new period of up to 3 years. Note, that it is crucial to complete all 5 courses at the AD program within the timeframe of 18 months, if you wish to continue with more lessons afterwards.

For more details about your right to free Danish language courses, please, contact your local Danish municipality.
