

Application for Thesis Work Space (Specialelæseplads), Fall

Application deadline: 15 August

Application answer: 29 August

The work spaces are only given to students who are writing their thesis (speciale), and proof that you are writing your thesis next semester (studieunderskrift el. karakterudskrift med ECTS) must be attached the application. Priority will be given to students in a social or personal situation which is somehow limiting to their study activity, e.g., children or illnesses. In case of illness, a medical certificate (lægeerklæring) must be attached the application.

Please tick what your direction is:
