

Finding a supervisor

Your thesis process starts by you deciding on a topic; you must formulate a tentative problem statement and then you contact an academic supervisor who teaches or does research within this topic.

Before 1 December you must register/state/announce your academic supervisor and the (tentative) thesis title by completing the thesis registration webform.

The academic supervisor must approve the thesis title and problem statement and will act as a kind of consultant during your preparation of the thesis. The supervisor is also in charge of the oral exam taking the thesis as the starting point.

On the following pages, you will find a list of supervisors and their topics.

Farzana Akther

farzana@mgmt.au.dk

Only supervision in English

-

Rahul Anand

ranand@mgmt.au.dk

Only supervision in English

- Corporate Strategy
- Divestments
- Corporate Governance in Emerging Economies
- Gender diversity on Boards
- Family Business Strategy
- International Business
- Corporate Social Responsibility
