

Supervisor list from Department of Economics and Business Economics

Master's Thesis in Economics and Business Administration (cand.merc.)

Table of Contents

MSc in Business Economics and Auditing.....	1
MSc in Business Intelligence.....	1
MSc in Finance.....	4
MSc in Finance and International Business.....	8
MSc in International Economic Consulting.....	12
MSc in Operations and Supply Chain Analytics.....	16
MSc in Social Sciences in Business Administration (SOC).....	17

On 1 June at the latest, you must register your thesis topic and thesis supervisor via SuperviseME. If you do not register your thesis by the deadline, you will have limited opportunity to influence the choice of supervisor. Please note that we always reserve the right to allocate the best suited supervisor to you.

MSc in Business Economics and Auditing

For **Auditing students (cand.merc.aud.)**, please refer to the special guidelines that can be found on the [study portal](#) and on your Brightspace community.

MSc in Business Intelligence

Name	E-mail	Topics in autumn 2023
Allan Würtz	awurtz@econ.au.dk	<ul style="list-style-type: none"> • Econometric methods • Machine learning methods • Prediction
Ana Alina Tudoran	anat@econ.au.dk	<ul style="list-style-type: none"> • Data mining in electronic commerce • Online recommender systems • Customer analytics • Consumer psychology • Sustainable behaviour
Anita Bech Borup	abb@econ.au.dk	<ul style="list-style-type: none"> • Data mining • Advanced analytics • Data warehousing • Business intelligence and business analytics

Name	E-mail	Topics in autumn 2023
Benjamin Lienggaard	benlien@econ.au.dk	<ul style="list-style-type: none"> • Analysis of survey data • Textual analysis • Applications and/or methodological developments within partial least squares structural equation modelling • Employee and membership satisfaction
Bezirgen Veliyev	bveliyev@econ.au.dk	<ul style="list-style-type: none"> • Forecasting financial and economic variables with machine learning methods
Bjarne Taulo Sørensen	bjarne.taulo@econ.au.dk	<ul style="list-style-type: none"> • Analysis of scanner data • Segmentation • Customer satisfaction • Positioning • Consumer behaviour • Market research analyses in general • Marketing • Employee satisfaction analysis • Retention • People analytics • Market basket • Machine learning • Analytical CRM
Camille Pedersen	cpe@econ.au.dk	<ul style="list-style-type: none"> • Applied statistics • Machine learning for causal inference • Bayesian statistics • Systematic literature reviews
Eric Hillebrand	ehillebrand@econ.au.dk	<ul style="list-style-type: none"> • Neural networks • Regression trees • Bagging and boosting
Erland Hejn Nielsen	ehn@econ.au.dk	<ul style="list-style-type: none"> • Operations and supply chain management, in particular demand management as well as LEAN/production management • Dynamic systems analysis, in particular stochastic queuing systems and system dynamic
