

Supervisor list from
Department of Economics and Business Economics
Bachelor's Thesis in Economics and Management (Oecon)

Table of Contents

Accounting.....	1
Business Intelligence	2
Econometrics.....	2
Economics.....	5
Finance	11
Operations and Supply Chain Management.....	14

On 1 December at the latest, you must register your thesis topic and thesis supervisor on your study portal. If you do not register your thesis by the deadline, you will have limited opportunity to influence the choice of supervisor. Please note that we always reserve the right to allocate the best suited supervisor to you.

Accounting

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
Finn Schøler	fsc@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Valuation • Financial statement analysis • Corporate governance in a financial accounting perspective
Karina Skovvang Christensen	kschristensen@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Management accounting • Strategy and management • Organisational behaviour and incentives • Formula funding of public sector • Cost management (full cost, differential cost and responsibility accounting)
Leonidas Enrique de la Rosa	delarosa@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Cost accounting and decision making • Performance evaluation • Incentive systems, motivation • Management systems and organization • Disclosure of private information • Psychological biases
Marie Herly	mherly@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Financial statement analysis and valuation • Banks and financial institutions • Empirical corporate finance

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
Nikolaj Niebuhr Lambertsen	nkniebuhr@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Earnings management • CEO compensation • The impact of financial reporting in capital markets • Behavioural accounting
Thomas Krog	tk@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Financial accounting • Financial accounting analysis • Financial accounting and valuation

Business Intelligence

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
Eric Hillebrand	ehillebrand@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Forecasting macroeconomic time series • Topics in climate econometrics
Guðmundur Stefán Guðmundsson	gsgudmundsson@econ.au.dk	English	<ul style="list-style-type: none"> • Network analysis of macroeconomic/financial data • Social network analysis • Machine learning methods in finance and business economics
Pierluigi Vallarino	pv@econ.au.dk	English	<ul style="list-style-type: none"> • Returns forecasting with machine/deep learning
Sebastian Mathias Jensen	smjensen@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Forecasting • Nowcasting • Machine learning • Neural networks
Yana Petrova	ypetrova@econ.au.dk	English	<ul style="list-style-type: none"> • Panel data econometrics • Factor structures • Economic and business forecasting

Econometrics

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
Anita Marie Glenny	glenny@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Labour market economics • Job search • Applied microeconometrics • Public policy evaluation
Asbjørn Kaufmann	akaufmann@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Climate econometrics • Modelling and forecasting energy prices
Bent Jesper Christensen	bjchristensen@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Financial econometrics • Labour market econometrics • Econometrics and macroeconomics • Time series econometrics • Microeconometrics

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
Chen Huang	chen.huang@econ.au.dk	English	<ul style="list-style-type: none"> • Volatility forecasting and performance evaluation • Dimension reduction using penalized regression
Dorethe Skovgaard Bjerre	dorethebjerre@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Longevity risk • Mortality forecasting • Duration models • Pension • Retirement
Guðmundur Stefán Guðmundsson	gsgudmundsson@econ.au.dk	English	<ul style="list-style-type: none"> • Network analysis of macroeconomic/financial data • Social network analysis • Machine learning methods in finance and business economics
Jingying Zhou Lykke	jzlykke@econ.au.dk	English	<ul style="list-style-type: none"> • Quantitative analysis of time-series data (climate, financial, economic, etc.) • VAR models, cointegration and cointegrated VAR model • Application of state space models • Modelling and forecasting of time series
John Kennes	jkennes@econ.au.dk	English	<ul style="list-style-type: none"> • Estimation of discrete choice • Estimation of a matching market • Structural estimation • Policy evaluation
Jorge Hansen	jorge@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Estimating parametric option pricing models • Empirical asset pricing • Fixed income modelling and forecasting
Kenneth Kjær Jensen	kjaer@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Empirical applications of machine learning algorithms • Comparison of econometrics methods and machine learning models • Machine learning methods for classification and regression • Quantitative modelling of health care data
Leopoldo Catania	leopoldo.catania@econ.au.dk	English	<ul style="list-style-type: none"> • Quantitative risk management with score-driven models • Dynamic kernel density estimation with applications to VaR and ES
Luca Neri	luca.neri@econ.au.dk	English	<ul style="list-style-type: none"> • Applied econometrics and money • Econometrics in macro finance
Luke Nicholas Taylor	ltaylor@econ.au.dk	English	<ul style="list-style-type: none"> • Nonparametric analysis in cross-sectional data • Discrimination in crime and justice
Malene Kallestrup-Lamb	mkallestrup@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Econometric analysis of the development of expected longevity

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
Maria Humlum	mhumlum@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Economics of education • Labour economics • Microeconometric evaluation • Applied microeconometrics
Martin Møller Andreasen	mandreasen@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Estimation of dynamic term structure models • Estimation of state space models
Mathias Danielsen Plovst	mpo@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Modelling, forecasting and analysing future longevity
Mathias Sjøgreen Krogh	msk@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Forecasting macroeconomic variables • Forecast evaluation • Forecast combinations • Non-linear time-series models
Maximiliano Cubillos	mcub@econ.au.dk	English	<ul style="list-style-type: none"> • Machine learning methods in waste management • Econometric analysis on recycling behaviour
Mikkel Bennedsen	mbennedsen@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Modelling and forecasting electricity prices • Econometric analyses of commodity markets • Volatility modelling/forecasting
Morten Berg Jensen	mbj@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Quantitative models in marketing research
Phillip Heiler	pheiler@econ.au.dk	English	<ul style="list-style-type: none"> • Model selection in empirical economics • Causal inference in economics • Machine learning for causal inference • Microeconometrics: theory and applications • Non- and semiparametric methods
Pierluigi Vallarino	pv@econ.au.dk	English	<ul style="list-style-type: none"> • Time series econometrics: score-driven models • Dynamic models for (multiple) quantiles with a view towards financial risk management • Financial econometrics
Tom Engsted	tengsted@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Empirical analysis of price and return determination in stock and bond markets • Empirical analysis of return predictability in stock and bond markets • Bayesian statistics and econometrics

Economics

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
Ahmad Hassani	ahass@econ.au.dk	English	<ul style="list-style-type: none"> • Real estate economics • Urban economics • Housing economics
Alexander Koch	akoch@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Experimental economics • Behavioural economics • Behavioural economics applied in citizen science games • Applied micro theory • Organisational economics • Personnel economics • Microeconomic theory • Contract theory • Behavioural theory
Allan Sørensen	allans@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • International economics • International trade • Industrial economics and industry dynamics • Economics of globalization
Anna Piil Damm	apd@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Economic analyses of international migration of workers and urban real estate markets
Anne Katrine Borgbjerg	akb@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Retirement • Labour economics • Health economics
Astrid Würtz Rasmussen	awr@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Family economics and family friendly policies • Population economics • Labour economics and evaluation of labour market policies • Education
Bastian Schulz	bastian.schulz@econ.au.dk	English	<ul style="list-style-type: none"> • Gender differences in the labour market • Household decision making (labour supply, risk sharing, marriage/divorce) • Social insurance • Wage inequality • Job search
Bent Jesper Christensen	bjchristensen@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Search frictions • Unemployment and inflation • Asset prices and the macroeconomy
Carsten B. Andersen	candersen@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Social mobility • Health economics • Non-market valuation • Wind turbines and the housing market
Christian Bjørnskov	chbj@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Economic growth • Political economy

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
			<ul style="list-style-type: none"> • Foreign aid
Claes Bäckman	claes.backman@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Housing and mortgage markets • Wealth inequality • Consumption and savings • Household debt • Debt
Daniel Borup	dborup@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Predictability in natural gas markets (returns, volatility, etc.) • Text mining (e.g. news media, surveys, Google Trends) for commodities markets • Forecasting of macroeconomic (labour market, business cycle, inflation variables, etc.) or financial variables (asset returns, volatility, etc.) • Machine learning applications in finance and macroeconomics
Daniele Nosenzo	daniele.nosenzo@econ.au.dk	English	<ul style="list-style-type: none"> • Experimental economics • Behavioural economics • Applied micro theory
Elena Mattana	emattana@econ.au.dk	English	<ul style="list-style-type: none"> • Student debt and aid • Intergenerational mobility • Family interactions • Economics of education • Labour economics • Applied microeconometrics
Eva Rye Johansen	erjohansen@econ.au.dk	Danish and English	<ul style="list-style-type: none"> • Education economics • Family economics • Risky health behaviour
Frederic Warzynski	fwa@econ.au.dk	English	<ul style="list-style-type: none"> • Industrial economics • Economics of strategy (in particular how to align organizational structure with strategy) • Personnel economics (analysis of careers and wages within firms) • Estimation of productivity growth • Mark-ups and the effect of competition on efficiency (e.g. the dynamics of competition in new EU member states) • Outsourcing and efficiency
Giovanni Pellegrino	gpellegrino@econ.au.dk	English	<ul style="list-style-type: none"> • Monetary economics • Applied macroeconomics with New Keynesian DSGE models • Identification in structural VARs and the effects of macroeconomic shocks • Topics in open-economy macroeconomics

Name	E-mail	Language of supervision	Topics in spring/autumn 2022
			<ul style="list-style-type: none"> • Relationship between DSGEs and VARs
