

Application for Joint Allocation

We, the undersigned, hereby state our wish to be allocated to the same study abroad destination.

We understand that we must submit the exact same list of priorities in our application.

— We understand that this means that we will be allocated positions according to the applicant with the lowest GPA.

We understand that this may signify renunciation of positions of higher priority in order to be allocated to the same destination.

We understand that Aarhus University cannot guarantee allocation to the same destination. Therefore, we choose to be allocated along the following scenario:

— In case we cannot be allocated to the same destination,

- we wish to be allocated individually according to our application
- we wish to be registered as freemovers
- we wish to cancel our study abroad application
