

How to log in at AU's computers

In order to log onto one of the computers at AU you need to use your UNI-login.

Username: uni\au[auid] (e.g. uni\au123456)

Password: The same as the one you use for your self-service (mit.au.dk)

If you don't know your AUID you can log onto your self-service and find it next to your name.
