PREFACE

The present Study Guide for the Bachelor's Degree in Economics and Business Administration - BSc(B) - at Aarhus School of Business, University of Aarhus has been set down by the Study Committee for Undergraduate Programmes in Business Administration.

The formal basis of the Bachelor's Degree in Economics and Business Administration was formulated in the Danish Ministry of Science Technology and Innovation Ministerial order no. 338 of 6 May 2004 on bachelor and master's programmes (candidatus) at universities. The present Study Guide contains a list of subjects and exams, examination regulations, etc. As for the contents of the subjects, please see descriptions in the Course Catalogue on <https://www.campusnet.asb.dk/>.

Details in connection with the programme for the Bachelor's Degree in Economics and Business Administration are not part of the Study Guide. Here Student Counsellors - senior students who advise applicants and students - should be consulted.

In addition, students are obliged to keep themselves updated on any changes that may take place in the course of the semester by consulting the "Study Information" on the www.asb.dk. Furthermore, it is possible for the students to keep themselves updated via the Internet on <https://www.campusnet.asb.dk/>.

MAP OF AARHUS SCHOOL OF BUSINESS

QUALIFICATION DESCRIPTION

The research-based BSc study programme in Economics and Business Administration which is prescribed to 3 years of full-time studies (=180 ECTS) gives graduates immediate business-relevant qualifications that enable them to handle issues pertaining to business administration in companies and organisations in both the private and public sectors. The programme consists of a Part 1 (60 ECTS) and a Part 2 (120 ECTS).

In addition to the general B.Sc. in Economics and Business Administration the study programme includes two alternative variants:

- BSc in Economics and Business Administration - International Management
- BSc in Economics and Business Administration – Sustainability

The study programme qualifies the graduate for enrolment in the MSc study programme in Economics and Business Administration, the MSc study programme in Business Economics and Auditing as well as several other MSc programmes in the social sciences.

Throughout the studies, the student acquires knowledge of theory, methodology and practice within business administration that qualifies to

- Understand and reflect on theories, methodologies and practice
- Assess theoretical and practical issues and apply relevant analysis and solution models
- Handle complex issues in study and work-related contexts
- Formulate/communicate specialist issues and solution models
- Participate in academic and interdisciplinary collaboration in an independent manner
- Identify own learning needs and plan own learning

In addition, the student in Economics and Business Administration – International Management acquires special knowledge of International Management and International Communication, while the student in Economics and Business Administration – Sustainability acquires special knowledge of sustainable development.

STRUCTURE OF THE PROGRAMME

The BSc study programme in Economics and Business Administration which is prescribed to 3 years of full-time studies (=180 ECTS) consists of a Part 1 (60 ECTS) which must be passed separately and a Part 2 (120 ECTS).

In addition to the general BSc in Economics and Business Administration the study programme includes two alternative variants:

- BSc in Economics and Business Administration - International Management
- BSc in Economics and Business Administration – Sustainability

Part 1 is shared by the 3 variants. The same thing applies for the subjects in Part 2 except for *International Economics*, *Industrial Economics*, *Finance II*, the *Seminar in Descriptive Economics* and the *Seminar in Business Studies* which in the two variants “International Management” and “Sustainability” are replaced with special subjects for these variants.

Each subject carries a weight of 5 ECTS-credits apart from the *Bachelor's Thesis*, which carries a weight of 20 ECTS-credits and the subject *International Management* (BSc in Economics and Business Administration - International Management) which carries a weight of 10 ECTS-credits.

For further description of the structure see schematic outline.

The tests after the 1st semester must be passed in January while the tests after the 2nd semester must be passed in May/June.

If the Department so desires, any written exams may be converted into oral exams if only five students have registered for the exam before the deadline. If a written exam is converted into an oral exam, no supplementary materials are permitted at the exam, unless otherwise stated. Announcement about conversion of a written exam into an oral exam will be given by notice on the relevant bulletin board in connection with the announcement of the general exam plan.

PART ONE - DESCRIPTION OF EXAMS

For a closer description of exams - see the Course Catalogue.

EXAMINATION

The exams will be assessed by a teacher according to the 7-point scale.

The group assignment and the oral test in *IT in Business* will be assessed by the teacher and an external examiner according to the 7-point scale. The oral test is passed in English.

Where written tasks or exams are concerned, the professional assessment reflects the linguistic clarity and skill by which the professional substance is expounded. By the assessment of thesis the linguistic clarity and skill may, under special circumstances, be subject to independent evaluation.

SUPPLEMENTARY MATERIAL

It appears from the course descriptions whether supplementary materials are allowed and what supplementary materials are allowed. By written exams where no supplementary materials are allowed the student is allowed to bring a pocket calculator. The pocket calculator's memory must be empty at the beginning of the test (spot checking will be made).

PART ONE - EXAMINATION RULES AND REGULATIONS

PART ONE - EXAMS

During the first year of study the student **must** participate in all Part one-tests.

Failure to appear at an exam implies exclusion from the study.

MINIMUM REQUIREMENTS FOR PASSING THE EXAMS

To pass Part One a minimum average mark of 2.0 must be obtained. The minimum mark required in each separate exam is 00. The general average is calculated according to the weighting system indicated in the index of exams.

Once the entire Part One exam has been passed, it is not possible to participate in any further Part One exams even if the marks in one or more individual exams are 00.

Part one must be passed before the end of the second year of study.

It is recommended that the student has passed Part one before starting on Part two. If the student contemplates starting on Part two before having passed Part one, the student should contact the Student Counsellor before making a final decision.

RE-EXAMINATION

Students may only participate in any exams three times. Under certain circumstances, The Study Committee for Undergraduate Programmes may allow participation in an exam for the fourth time.

It is not possible to be re-examined in tests for which the mark of 02 has been obtained, whereas re-examination in tests where the mark of -3 has been given is compulsory.

The last result obtained in any exam will always be the valid one - even if the last result is inferior to the one previously obtained. Please note that if your name has been taken down as "absent" you will have missed one of your three attempts at passing an exam, and the result will be registered as the last one obtained in that exam.

In connection with all Part one-exams after the 1st semester it is possible - besides applying for re-examination in the next ordinary exam - to apply for re-examination in February.

In connection with all Part one-exams after the 2nd Semester it is possible - besides applying for re-examination in the next ordinary exam - to apply for re-examination in August.

Participation in the ordinary exam is a prerequisite for applying for participation in the re-examination in February/August.

By re-exam in February in the test in *IT in Business* the test is carried through as an individual 72 hours home assignment.

TEMPORARY

PART TWO – TEACHING

INDEX OF SUBJECTS

Part Two of the Bachelor's Degree in Business Administration is planned to last two years (= 120 ECTS) and is subdivided into semesters 3-6. Teaching involves lectures, tutorials - including tutorials run by student teaching assistants - seminars and a Bachelor's Thesis.

Participation in the seminar sessions is compulsory. After preceding written application and subsequent written documentation the seminar leader/the seminar co-ordinator may approve one case of absence. Only the Study Committee for the BSc in Economics and Business Administration can approve further cases of absence based on a written application.

ELECTIVES

In addition to electives described in the course catalogue it is possible to choose subjects from other Danish and foreign institutions as electives after prior acceptance from the Study Committee for the BSc in Economics and Business Administration.

Registering for electives in the approaching autumn and spring semester must take place no later than 15 June. Cancellation of registrations for electives must take place no later than one week before the exam was supposed to have taken place and cannot take place when one has previously participated in the exam/has not cancelled the registration for exams in due time.

Announcement about conversion of a written exam into an oral exam will be given by notice on the relevant bulletin board immediately after the expiry of the deadline.

PART TWO - DESCRIPTION OF EXAMS

For a closer description of exams - see the Course Catalogue.

EXAMINATION

A teacher or a teacher and an external examiner will assess exams according to the 7-point scale. Please see Index of exams.

A teacher/supervisor will assess the seminar papers according to the 7-point scale. It is a prerequisite for assessment of a seminar paper that participation in the seminar sessions has been approved.

As far as electives are concerned it applies, that written tests are assessed by a teacher alone while oral tests are assessed by a teacher and an external examiner.

The supervisor(s) and an external examiner will assess *the Bachelor's Thesis* incl. the oral examination.

Where written tasks or exams are concerned, the academic assessment reflects the linguistic clarity and skill by which the academic substance is expounded. By the assessment of thesis the linguistic clarity and skill may, under special circumstances, be subject to independent evaluation.

SUPPLEMENTARY MATERIAL

It appears from the course descriptions whether supplementary materials are allowed and what supplementary materials are allowed. By written exams where no supplementary materials are allowed the student is allowed to bring a pocket calculator. The pocket calculator's memory must be empty at the beginning of the test (spot checking will be made).

As a starting point, the oral exams are without preparation and no supplementary materials are permitted.

By written exams where no supplementary materials are permitted the student is allowed to bring a pocket calculator. The pocket calculator's memory must be empty at the beginning of the test (spot checking will be made).

PART TWO - EXAMINATION RULES AND REGULATIONS

PART TWO - EXAMS

It is recommended to take the Part Two exams in the order according to the description of exams.

The tests are placed once a year with a possibility of participating in a special re-examination in February/August.

The test in the *Bachelor's Thesis* takes place once a year with a possibility of participating in a special re-examination in the autumn semester. The deadline for handing in of the Bachelor's Thesis is then 1 December.

Participation in the ordinary exam in the previous examination period is a prerequisite for signing up for the special re-examinations in February/August and the special re-examination in the Bachelor's Thesis.

MINIMUM REQUIREMENTS FOR PASSING THE EXAMS

For passing the BSc in Economics and Business Administration a general average mark of 2.0 must be obtained and the minimum mark required in each separate exam is 00. The general average mark is calculated according to the weighting system indicated in the index of exams for Part 1 and 2.

As long as the student has not passed the programme, the student may apply for re-examination in individual exams where the mark 02 or above has not been obtained. As for individual exams where the mark 02 or above has been obtained, it is not possible to be re-examined.

RE-EXAMS

Students may only participate in any exams three times.

Under certain circumstances, The Study Committee for Undergraduate Programmes may allow participation in an exam for the fourth time.

No re-exam is possible in tests awarded the grade 02 whereas re-exam is compulsory in tests awarded the grade -3.

The last result obtained in any exam will always be the valid one - even if the last result is inferior to the one previously obtained. Please note that if your name has been taken down as "absent" you will have missed one of your three attempts at passing an exam, and the result will be registered as the last one obtained in that exam.

In connection with all Part two-exams it is possible - besides applying for re-examination in the ordinary exam - to apply for re-examination in February/August.

Participation in the ordinary exam is a prerequisite for applying for participation in the re-examination in February/August.

It is a prerequisite for handing in of a seminar report by the re-exam in February/August that participation in the seminar sessions has been approved. By handing in of a new seminar report in February/August no new participation in the seminar sessions is necessary.

In case of re-examination of the *Bachelor's Thesis*, the student must hand in another thesis based on a new subject, and the student must participate in renewed oral defence.

By major changes in the curriculum, the student is examined in the old curriculum in three subsequent examination periods – after that the student is tested in the new curriculum regardless of study programme.

REGISTRATION FOR EXAMS

Students may only participate in exams if they have registered for these exams.

Registration for the oral and written tests and the seminars takes place automatically when registering for the course in the relevant semester, while the student her-/him self must register for tests in subjects for which he/she has not previously been registered (make-up exams, re-exams or postponed exams) and for tests at the re-exams in February/August.

Registration for January exams must take place no later than 1 October while registration for the exams in May/June must take place no later than 1 March.

The deadline for registration for the re-exams in February/August will be published on CampusNet.

Cancellation of registrations for exams must take place no later than one week before the exam takes place/is started. However, cancellation of the seminar series in Business Studies must take place no later than 15 December while cancellation of the seminar series in Marketing must take place no later than 1 August. Tests included in the automatic registration on Part 1 cannot be cancelled

Registration for the Bachelor's Thesis must take place no later than 1 December with a possibility of cancellation until 15 February. The deadline for re-exam is 1 July with a possibility of cancellation until 15 August.

It is the student's own responsibility to check that the registration has actually taken place regardless if the registration has taken place automatically or by the student her-/him self. If any errors are noticed in connection with the registration, the Central Registry has to be informed about it before the deadline stated.

ILLNESS, ETC.

Provided illness etc. prevents the student from participating in or completing an exam, seminars, etc., and provided the student applies for it, the Study Committee for Undergraduate Programmes may permit cancellation of this exam after the expiry of the deadline.

Any application claiming illness must be accompanied by a medical certificate, which must cover the day or period in question and must be issued on personal request to the doctor on the same day as the exam or handing-in was supposed to take place.

RULES FOR HANDLING EXAM REGULATION VIOLATIONS

The same rules apply as mentioned under Part One.

EXAMINATION REGULATIONS

The rules of the examination regulations also apply to Part Two written exams.

EXEMPTIONS

Students who have passed exams in other study programmes, which cover subjects taught at the BSc(B), may be exempted from such exams in the present study programme on application.

In connection with exams held in continuation of the autumn semester, applications for exemption must be submitted at the Student Counselling Service by 1 October. As for exams held in continuation of the spring semester such applications must be submitted by 1 March.

It is not possible for students to be exempted from exams for which (s)he has already been registered under the present study programme.

On the Exam Certificate it will be stated if the student has been exempted from a particular exam and the total average will be calculated on the basis of the remaining marks.

SPECIAL EXEMPTIONS

In connection with a number of the rules in this Study Guide it has been mentioned that, on application, the Study Committee for Undergraduate Programmes may grant students special exemptions when special conditions speak for it.

In addition to the cases already mentioned there might also be other special cases where unusual conditions speak for a special exemption. Students are advised to contact a Student Counsellor before they apply for such special exemptions.

It should be stressed that the Aarhus School of Business, University of Aarhus may only grant such special exemptions within the framework of rules stipulated by the Danish Ministry of Science, Technology and Innovation.

COMPLAINTS

Various bodies of the Aarhus School of Business depending on the nature of the complaint deal with complaints about teaching and exams.

The Study Committee deals with complaints to the effect that the teaching has not covered the syllabus stated for Undergraduate Programmes. However, it is recommended that the teacher and the Head of Department be contacted first.

The Dean (Head of School) deals with complaints about external conditions in connection with the exam such as rooms, invigilators, etc.

Complaints about the basis for the exam (exam questions, incl. their connection with the syllabus), examination results and the course of the examination are submitted to the Student Counselling Service and are directed to the Dean. In connection with complaints about examination results a special form obtainable at the Student Counselling Service must be used.

The complaint must be submitted no later than 2 weeks after the announcement of the examination results or, in connection with written exams, no later than 2 weeks after the date stated as the official date of announcement of the examination result.

In connection with written exams the marks must be published no later than 4 weeks after the exam. However, July 1 is the final deadline for Part One exams. In connection with delays the date stamped on the list of marks is considered the official date of announcement.

Reasons for complaints must be stated. Consequently, complaints about examination results can only be submitted individually. Several students may submit other complaints jointly provided that all persons involved are identifiable and one person is pointed out as the contact person.

As for complaints about the evaluation of seminar work the following rules apply: The marks must be announced by written notice no later than 4 weeks after the last day of teaching of the semester. The complaint must be submitted no later than 2 weeks after this date. In connection with delays the date stamped on the list of marks is considered the official date of announcement.

The teacher and the external examiner will first deal with the complaint. When it concerns an exam without any external examiner, an external examiner will be appointed. If the student is dissatisfied with the first result, the complaint may be submitted to an Appeals Committee within 2 weeks of the first result. The Appeals Committee consists of two external examiners, one teacher and one student. The findings of the Appeals Committee are final.

STUDY ABROAD PERIOD

Aarhus School of Business, University of Aarhus has a large network of universities around the world where you have the opportunity to spend one semester (your 5th semester) as an exchange student.

An orientation day is held every year in October/November for all 3rd semester bachelor students interested in spending a semester abroad. Further information about the orientation meeting will be supplied by letter or by notice.

You can obtain further information about studies abroad at [http://www.asb.dk –studieinfo –study abroad](http://www.asb.dk-studieinfo-study-abroad) or at the International Office.
